In response to applicant's filing dated 07/30/2003. The following action is taken:

Claims 1-10 are allowed.

The following is an examiner's statement of reasons for allowance: none of the cited prior art an optical pickup for reading an optical disk having a photo detection means comprising: a plurality of light beam sources for emitting different wavelength beams, a monitoring photo detection element for monitoring the light beams of each of the different wavelengths, a light source wavelength discriminating photo detection element for discriminating between the different wavelengths, and a sensitivity regulation circuit for regulating the sensitivity of the monitoring photo detection element in response to the output of the discriminating photo detection element as shown by elements 23, 24 and the regulator as shown in fig 4 element 25

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. 6445670.

Any inquiry concerning this communication should be directed to NABIL Z. HINDI at telephone number (571) 272-7618.
